

Meeting Agenda

Date: 2015-05-25

Facilitator: Oscar Evertsson

Participants: Mats Högberg, Oscar Evertsson, Jesper Jaxing, Filip Hallqvist

Objectives

- Confirm deadlines and setup goals
- Report progress

Reports

- The group created a massive todo-list and worked its way 65% through it.
- This includes design, documentation, contact book functionality, security enhancements and overall code improvement.
- Everyone has also worked on SDD and RAD

Discussion items

- Event bus
- SDD and RAD

Outcomes and assignments

- We will make sure that the uppermost presenter handles and directs events, and free nested child controllers from responsibility.
- Everyone will continue crossing items off of the todo-list and work even harder as it's the last week!

Unsolved issues
